Because of stormy weather it is already time for the alarmist to tell us that the peaches and all the fruits have been damaged by the frost. It usually happens that the first stories of losses by frost are worse than the facts justify. Anyhow, this is a big country and while it is snowy here there are balmy breezes blowing in some other localities.

**MR. PALMER AND SUGAR PRICES.**  
Attorney General Palmer, Democratic presidential aspirant, and the professed foe of profiteering, has come under fire for his handling of the sugar situation. The house rules committee has taken favorable action on the Tinkham resolution directing that a probe be made of Palmer's handling of the Louisiana sugar situation. It is alleged that this resulted in boosting the price

from 11 cents to 17 cents and causing consumers all over the country to suffer accordingly. The house judiciary committee will conduct the inquiry. Interested consumers will be interested in knowing that some wholesale grocery men now predict still higher sugar prices.

Speaking in the house on the necessity for cutting down the enormous and unnecessary government payroll, Representative Tilson of Connecticut "called the turn" when he said the great difficulty was the unwillingness of the administration to co-operate with congress in a real effort to cut expenditures.

"The great difficulty," said Mr. Tilson, "is the lack of co-operation."

The U. S. doesn't have a corner on labor disputes. In Toronto the butchers are striking for higher wages and improved working conditions. They demand 10 minutes each morning for putting on their working clothes, 10 minutes at the end of the day to remove them and another 10 minutes period during the morning for tea. This 30 minutes, they think, should be included in the regular 8 hours of labor.

**WHERE DIVORCES COME EASY.**  
A Cleveland judge recently objected to expressions of gratitude from litigants pleased with the findings of his court. His statement was made particularly because a woman to whom he had granted a divorce, said to him: "thank you from the bottom of

my heart." While the judge made no reply at the time, he later observed that while thanks were given as a matter of courtesy, that they really didn't sound well in a court room. He meant that with findings made only in accordance with the law and the evidence, that there is no occasion for feelings of personal gratitude.

Certainly judges in soviet Russia will not be bothered about expressions of gratitude when divorces are granted there. Under the present laws, a divorce can be secured merely by the mutual consent of the husband and wife. In fact, if either one of the parties to a marriage contract asks the court to dissolve it the request must be granted. Further, a religious ceremony is not accounted legal unless there is a civil ceremony as well. To the people of other governments this is like the Russians might abolish all laws relating to marriage.

**MAKING THE AERIAL MAP**  
Will Jacksonville be shown on the new aerial map of the United States that is being compiled by the Washington department in charge of this work? It all depends on ourselves. One of the provisos is that a suitable and safe landing place and hangar be prepared. If this is not done fliers across country looking for a place to stop in this section will not see Jacksonville listed and will pass us up. It may seem to some that such a contingency is quite distant, but it is not. Already in several states there is regular aerial service between towns. It is understood that Springfield already is making arrangements for a suitable landing ground and it is certain that Jacksonville will wish to be thoroughly alive in this respect.

There are a good many experienced fliers living in and around Jacksonville who no doubt will take a lively interest in the matter. One of these, Gay Hutson, has a new machine about completed and will soon be making exhibition flights.

**CENTRALIZATION OF GOVERNMENT**  
Governor Lowden told Michigan people that municipalities are ceasing to function as well as they have in the past. Most Illinois people will agree with Governor Lowden. However, the main reason they are ceasing to function in this state is because at every opportunity the legislature enacts a law taking away some of the rights of municipalities for self government.

The passage of the public utilities act was an example of this high handed procedure. This law was passed despite practically unanimous opposition on the part of Chicago and many smaller cities throughout the state. It has been kept in force despite strenuous objection upon the part of municipal officers of the cities in the state. There also has been a tendency toward centralization of the educational functions of the state.

It is true that as Governor Lowden says, the danger point has been reached in the centralization of government. It is not however because as the governor says that municipalities are calling upon the state for help and the states are leaning on the federal government.

It is because law making bodies are passing laws without regard to the rights of the people. This was brought forcibly home on more than one occasion during the war period. Some legislative bodies seem to think the people will continue to submit to unjust and objectionable laws in peace time.

We believe they are doomed to disappointment. What the people want, and what they will finally get is the right to govern themselves and solve their own problems. If they have to elect men who will give them this right they will do it. We have noticed

that the people usually get what they want, tho it sometimes takes a little time to do it.

LET'S COMPLETE FILTRATION AND POWER PLANTS

The next city election is just about two weeks in the future. For Tuesday, April 20, is the date. At that time one alderman from each ward will be elected and the people will vote on the question of issuing \$30,000 in bonds to add to the fund for the construction of a filtration plant and power house. Figures have already been presented to show that after comparing all available funds with the lowest bids for the filtration plant, and the power house construction there is a shortage as follows:

For the filtration plant, \$7,376.  
For the power house, \$1,812.  
However, these figures refer not to a completed power house but to a building, unequipped and without smoke stack or switch track. During the course of the year the city can issue \$30,000 in bonds and still be within the legal limitations. It will take every dollar of this fund to put the filtration and power plants into working order.

It can be readily understood that these two plants are costing more than the original estimates because of the advances in materials and higher labor costs. However, no one can question the immediate necessity of constructing the filtration plant and building the power plant can be called an economy of the water and light departments. The one fact of buying coal in car load lots without team haulage is going to mean a saving of thousands of dollars each year.

The city council believes that the people want these two plants built now and because of that fact have devised the best ways and means at hand. The people should understand that the necessity for using all available funds in the construction of these two plants means that most rigid economy must be practiced in all departments of the city. Some such needed betterments must be postponed. There will need to be a skimming of improvements where the council had hoped for a more liberal policy. However, the council will proceed in its present course, believing that it is the one that the people desire followed and that the people will understand the economy program necessary and meet without complaint any resulting inconvenience.

LARGE QUANTITY OF LUMBER IS BURNED

Was Valued at About \$9,000—No Insurance Was Carried—Lumber Was Owned by Burrell Hitt.

Fire Saturday morning caused the loss of about 18,000 feet of lumber at the saw mill one-half mile north of Gravel Springs on Mauvalster creek.

About one year ago Burrell Hitt bought a piece of woodland there and began sawing. The work was finished last week.

Some 18,000 feet of lumber was burned, this lumber was valued at from \$35 to \$65 per thousand feet and the loss is probably in the neighborhood of \$9,000. The mill itself was damaged only to an extent of \$50.

Nothing definite is known about the origin of the fire but at 8 o'clock Friday night everything about the mill was in good shape and there was no sign of fire. At 5:30 Saturday morning the fire was discovered and E. G. Caldwell, L. W. Caldwell and Wesley Marshall went out to save what they could.

The lumber was not insured.

Monday and Tuesday

On their wedding night Albert casually tells Meta of an indiscreet affair in his youth. Meta, conscious of her own false step, readily forgives him. Albert then asks Meta to write a letter to his father and mother, which he wishes to send along with a letter of his own, telling of his marriage. As Meta writes Albert leans over her affectionately and says: "Do you know, dear, this is the first time I've ever seen your handwriting?" In amazement she asked: "Then you did not get the letter I left for you with the rose?" Meta is terror stricken.

# 150 POUNDS OF CALF MEAL OR GALLONS OF MILK?

THE fact that many thousands of America's farmers raise all their calves on Blatchford's Calf Meal—and have been raising them on it for years—PROVES CONCLUSIVELY that calves THRIVE on it.

## Blatchford's Calf Meal

Every pound of Blatchford's Calf Meal makes one gallon of rich milk-substitute. With milk selling per gallon for about four times the cost of Blatchford's Calf Meal per pound, a wise and economical thing to do is to raise your calves on Blatchford's.

**WHY NOT** test the "Blatchford Way" this spring? Try it on one calf only, if you prefer—but at least MAKE THE TEST. You are certain to be entirely satisfied with the way your calf will grow and develop—and the money you will save will open your eyes to the fact that the "Blatchford Way" is the sensible way, the economical way, the right way.

Sold in 4-lb. cartons, 25- and 50-lb. bags. Manufactured by the makers of the world-famous Blatchford's Calf Meal—Blatchford Calf Meal Company, Waukegan, Ill.

# MOON

## MODERN MOTOR CARS

The Moon is designed as an adjunct to our fundamental social unit—the American family. Individuality and serviceability are combined at a price within reason.

The place at the wheel is particularly inviting to women. A large Bakelite wheel slants at just the right angle. Drop your right hand and it touches the lever shifts. Pedals fit the feet like a footstool.

Among Moon subtleties are

the distinct louvers. Stamped inward and forward rather than outward and backward, these openings in the hood carry off the odors and heat of the motor instead of pocketing them around the front seat and cooking your feet.

In the piano-finished wood back of the front seat is a compartment for curtains. Each curtain is marked for its place on the car. Many troubles are saved in those trying moments when curtains are needed.

Chain Information

Both Weed and Rid-O-Skid Chains are made by the same company, "The American Chain Co."

The chains are same size and weight, the difference comes in finishing, Weeds being case hardened. The Rid-O-Skid is not.

Our advice:

"If you use chains on pavement the greater part of time, use Weeds"; if used the most on country roads buy Rid-O-Skid.

## ILLINOIS WILL NOT HAVE BASEBALL TEAM

Board of Control So Decides According to Announcement Made Saturday—Will Devote All Energies to Track and Field Team.

Baseball will be omitted as a College sport this year at Illinois College, according to an announcement made by Coach Harmon Saturday.

The Board of Control has decided that since the Dual track meets will be resumed this year it is better for Illinois to put all her strength in on one branch of athletics rather than attempt two.

However, there will be a number of inter-class games and this will give the coach a chance to get a line on material for next year should the College take up baseball then.

Millikin has asked for a dual meet on May 7. Millikin has one of the strong teams in the conference and the meet would give each team a chance to get a line on the other.

The College is also hoping to schedule a dual meet with Bradley the morning of the Illinois College inter-schoolastic meet.

The "Little Nineteen" conference meet will be held in Peoria this year and Illinois is going there to get first place as she has done for several years past.

**Changes In Debate.**

The withdrawal of Shurtliff College from the triangle debate with Illinois and Carthage, has caused a rearrangement of the debates. The schedule of debates of Illinois College as it now stands is, on the question of "Resolved That Labor Disputes Within Public Utilities Should Be Settled By Compulsory Arbitration."

Thursday, April 8.—Joint Debate, Phi Alpha and Sigma Pi.

Thursday, April 15.—Augustana vs. Illinois at Jacksonville. Monmouth vs. Illinois at Monmouth.

Friday, April 23.—Carthage vs. Illinois at Jacksonville, and Carthage vs. Illinois at Carthage.

Tuesday, April 27.—Knox Freshmen vs. Illinois Freshmen, in Jacksonville and Galesburg, on the question: "Resolved that Military Training Should Be Adopted in All Colleges and Universities in the United States."

**COLLEGE ALUMNI TO HAVE DINNER FRIDAY NIGHT**

Extensive preparations are being made for the Illinois college dinner which will be given Friday, April 9, at Central Christian church. This event is arranged by the alumni society of the college but is intended for other friends of the college as well as alumni. Dr. Henry Kirby of Chicago will lead in the mass singing and there will be addresses by a number of prominent men.

The women of the church can be counted on to serve an excellent dinner. Members of the committee include A. C. Rice, Farmers State bank; W. G. Goebel, Ayers National bank, and State's Attorney Carl E. Robinson. Plates will be 75c and reservations can be made with any of the committee. It is requested that persons expecting to attend notify any one of the three above named not later than Thursday.

## WHAT ILLINOIS COLLEGE MEANS TO THE COMMUNITY

(By H. H. BANCROFT.)

A community is distinguished by its institutions and the city of Jacksonville enjoys the distinction in this particular, equaled by few cities and excelled by none. Strangers marvel at the location of three state institutions in our midst. This fact is of common-place interest to many of us until something challenges our attention and we realize its significance. These institutions stand as a monument to the enterprise and foresight of the generation that lived in Jacksonville when they were established. Their growth and sphere of usefulness has surpassed the fondest dreams of those who were instrumental in their organization. They have become not only great charitable institutions in a great state but a great business asset to a progressive community.

When we contemplate the educational institutions that antedate the state institutions, the significance attaches to their history. Their location in Jacksonville was not due to accident but was due to the spirit of the people that lived here at the time of their inception and establishment. It is no mean boast for

a citizen of Jacksonville to be able to say that the oldest educational building now standing west of the Allegheny mountains is located in Jacksonville. This distinction belongs to Illinois college, and Beecher hall stands as one of the monuments to the pioneers of early education not only in Illinois but in the central west.

When we think that institutions of learning make men, and when we call the roll of distinguished men who have had a large part in the history of the state and nation, whose early training was secured because of the educational advantages offered by the city of Jacksonville, thru its Illinois college, we begin to appreciate the value of the institution as an asset to the community. Year by year the college generations come and go with each year, there pass from the College world to the world of business and affairs, young men and young women who become leaders and persons of influence, because of the character molding and educational training received in Jacksonville.

Knowledge is the greatest power in the world and a community that has within its confines an institution that is dedicated to the cause of higher education and sound learning in their truest sense and that is engaged in shaping the intellect of the rising generation along the lines of Christian culture, is blessed with a power for good that cannot be too often emphasized.

Such an institution is old Illinois college, founded in 1829.

## A Clean Scalp and Healthy Hair

Many of your friends have found that a luxuriant growth of hair—soft and glossy—and a scalp free from dandruff will result from the use of

### Nyal's Hirsutone

This is the procedure—

Wash the hair with warm water and a pure soap—rinse thoroughly—rub the scalp with a stiff brush—apply Hirsutone—rub it in well and dry the hair before combing.

Please understand that Hirsutone is not merely a hair-wash—it is a tonic—a food.

While it thoroughly cleanses, it also prevents bacterial action—nourishes and stimulates the roots of the hair—removes all dandruff—prevents its return—and preserves the natural beauty and color of hair.

Nyal's Hirsutone should be on your dressing table. It sells at 50 cents and \$1.00 the bottle.

With almost a century of history back of it, the trustees of the institution are planning for larger things. To meet modern requirements and to keep pace with the progress in the educational world, additional funds are needed and a financial campaign has been inaugurated. The pressing needs of the institution are soon to be made familiar to the citizens of Jacksonville and Morgan county. The trustees have a right to expect a generous response on the part of the people of Jacksonville and Morgan county who have profited most from the fact that Illinois college has done its work well and faithfully in the years gone by. As the time of the local drive in the campaign draws nearer, let every citizen who has the good of Jacksonville and its institutions, and this institution in particular, at heart, keep an open mind and be ready to hear the story of the solicitor and make such response as liberal minded citizenship and financial ability may dictate.

Illinois college has stood thru-out the years as a beacon light in the central west and the citizens of Jacksonville and Morgan county have enjoyed and profited by the fact that they have lived under the immediate radiance of the wholesome illumination which it has unfailingly and unceasingly shed abroad.

One of the early members of the faculty of Illinois college resigned his professorship to devote his life to the study of agriculture and industrial education. His efforts were richly rewarded but his success was not gained without a struggle. He became the author of the land grant college bill, the first civil rights bill signed by Abraham Lincoln. While this agitation for an agricultural school was in progress, the state normal school came into being and ultimately the state university idea followed the land grant college legislation.

Jonathan Baldwin Turner encyclops this distinction, a pioneer educator who came west at the suggestion of President Day of Yale college, to answer a faculty call from a pioneer fresh water college. Agriculture found in this Illinois college teacher a real champion and the friends of agriculture today can honor the cause by answering the call of the institution he served so faithfully and loved so well.

## Social Events

### Children's Easter Breakfast

Mrs. J. M. Elder is giving a delightful little breakfast at the Pacific Hotel this morning for Agnes and Helen Brennan, Betty Pennypacker and Leah Kennedy. The menu is to be in keeping with Easter, even to ice cream chickens.

### Children's Party at I. W. C.

The Y. W. C. A. of the Women's college gave a children's party in the college gymnasium for twenty-five little people of the city yesterday afternoon.

The party was in charge of the Social Service circle of the Y. W. C. A. Bonnie nests were hidden about the room and the children had a good time hunting for them.

### Children's Party at Congregational Church.

The children of the primary department of the Congregational church Sunday school were very delightfully entertained Saturday afternoon at the church. The affair was a "bird party" and the arrangements were in charge of Mrs. L. S. Doane, assisted by Miss Daniels representing the Young Women's Guild. The room was prettily decorated for the occasion, flocks of red birds, blue birds and butterflies and a profusion of green boughs being employed to give a very springlike effect.

The refreshments served were in keeping with the Easter idea and were of a kind especially pleasing to the little folk. Baskets of candy Easter eggs were used as favors. Altogether the party was one of the most enjoyable ones given at the church in recent months.

### Annual Easter Supper at Litterberry Saturday.

The annual Easter supper was given by the Baptist church of Litterberry Saturday evening. The favorable weather conditions interfered to some extent with the attendance but the affair was accounted a successful one nevertheless. The proceeds amounted to between \$35 and \$40 and this sum will be donated to the Sunday school.

Among those who assisted at the supper were the following:

In charge of tables—Mrs. Earl Rexroat and Mrs. W. W. Daniels. Waitresses—Misses Mildred Underbrink, Eleanor Guy, May Hixon.

The various articles of food were in charge of the following: Eggs—Mrs. John Guy, Mrs. John Daniels. Cake and pie—Mrs. J. C. McFillen, Mrs. C. A. Beavers. Sandwiches and wieners—Mrs. Lee Scribner, Mrs. O. M. Petefish, Mrs. Al Dunlap. Ice cream—Ellis Thompson. Coffee—Mrs. Lena Thompson.

### Announcement Party at Waverly Saturday.

Misses Bertha and Marie Miller entertained a number of friends Saturday afternoon at their home in Waverly, at which time the announcement was made of the approaching marriage of their sister, Miss Maude Miller to P. Cox of Waverly.

The Miller home was beautifully decorated for the event and all the arrangements were such that the occasion proved a most enjoyable one for those present. In the center of the table in the dining room was a large basket containing Easter eggs, rabbits and chickens, and the announcement was made when each guest drew from the basket a miniature handpainted Easter egg bearing the initials of the two and the date, June 1.

The bride-to-be is a graduate of the Waverly high school, and of Milliken University, and is one of the most popular young women of the Waverly community. Mr. Cox is a member of a prominent family of Morgan county and has for some years been engaged in

farming in the vicinity of Waverly. Among the guests Saturday afternoon was Mrs. Carl E. Newport of this city.

James Rawling, a venerable resident of Nokomis, dropped dead yesterday. He was 85 years old and had not been sick at any time. He was living with his daughter, Mrs. Fred Ferguson. His son, E. J. Rawlings of this city left yesterday for Nokomis.

### Mathews.

Mrs. Bertha Mathews passed away Friday evening at 8:30 o'clock. Deceased was born in Genesee, N. Y., February 24, 1828 and was 91 years old at the time of death.

She was united in marriage in Scott county to Cyrus H. Mathews in 1859. She is survived by the following children: Miss Mary Mathews, Scott county; John C. Mathews, Montrose, Colo.; Harry C. Mathews, Exeter. She also leaves five grandchildren and three great grandchildren and three sisters and one brother; Mrs. Ocea Day and Miss Hulda Clark, River Falls, Wis.; Mrs. Fannie McHenry, Stockton, Calif., and Oscar Clark, Exeter.

Mrs. Mathews was a member of Central Christian church in this city. During her long life she was ever consistent in her worship and a woman highly regarded by all.

Funeral services will be held from the Christian church in Exeter Monday morning at eleven o'clock. Burial will be in Gillham cemetery.

## Go Sit in Front of This Cabinet

Contrast its big, uncluttered work space with that of any other cabinet you have ever seen. Notice how smoothly rolling doors slide out of the way at a touch.

Yet see how easy it is to keep them clean. In fact, we want you to notice how get-at-able is every corner of the Hoosier Beauty—how simple it is to keep sweet and clean and sanitary.

Then, too, let us show you why Hoosier's scientific arrangement has made this cabinet the choice of nearly two million American housewives. It won't cost you a cent to call at our store for a demonstration of Hoosier's superiority. It may cause you needless drudgery to stay away.

## HOME TALENT PLAY AT CHAPIN A SUCCESS

Goodly Sum Realized From Presentation of "Deacon Dubbs"—Missionary Society Meets—Other News Notes.

Chapin, April 3.—There was a good attendance at the home talent play "Deacon Dubbs" on Thursday night, considering the inclement weather. The proceeds amounted to over eighty dollars. The play will be repeated again

Tuesday evening at the Bijou. The Missionary Society of the Christian church held a meeting Friday afternoon at the home of Mrs. Jane Brownlow. This meeting was for the purpose of opening the "Mite Boxes" and an appropriate program was given. All were present so the amount of the offering is not yet known. This goes for the Easter offering.

The Rook club met with Mrs. William Fisher on Saturday night of last week. The evening was spent in the usual way, and all reported a good time.

Mrs. McFarren and children of Winchester visited several days

the first of the week with Mr. and Mrs. Joseph Baldwin. John Onken returned a week ago from Florida after a visit of several weeks.

Mrs. Fred Craven spent Saturday and Sunday with her parents Mr. and Mrs. James Campbell.

Mr. Kaehliert has recently purchased the James Finch property and will move here in the near future.

J. O. Wimberly and wife attended the Elks' Jollies Thursday evening.

Fred Scultz visited last Sunday in Chambersburg.

Grace Elson visited her mother last week.

Chester Johnson and wife visited his father Jason Johnson, Thursday.

George Fox visited in Chapin for a few days this week.

Donald Duckett was a caller in Beardstown Wednesday.

Miss Mary Wolf of Markham visited Mrs. William Fischer Thursday.

Johanna Onken is spending the week end with her parents.

Charles Cull who has been on the sick list is reported better at this writing.

Mrs. Laura Morgan of Beardstown is visiting Newton Hardwick.

Miss Amy Onken returned home Friday morning after being gone a week.

George Gumball of Illinois visited his father last week.

Dr. Elter and wife were shopping in Jacksonville Thursday.

## S. S. CLASSES TO AID ARMENIAN CHILDREN

Opportunity to be Given Sunday School Classes Today to Adopt Armenian Children—Precinct 15 Makes Final Report.

All Sunday school classes in Jacksonville churches will likely have the opportunity of adopting one or more Armenian children today if the plans of Mrs. Charles E. Scott are carried out for the Near East Relief work. Mrs. Scott has charge of this part of the campaign and it is hoped that many additional children will be cared for in the way.

The first precinct to make final report is No. 15 whose quota was 40 children. Mrs. W. T. Scott and Mrs. J. W. Arnold were in charge of this territory and Saturday turned over to Treasurer Frank Leach \$213.25, thereby providing for 42 children. This creditable showing is due to the splendid work of the committee in charge of the district and to the hearty response of the people in Precinct No. 15. The list of subscribers from this district will appear in Tuesday morning's paper.

The following persons were reported caring for children Saturday:

Those taking three children:  
Mr. and Mrs. Alfred T. Capps ..... \$15.00  
Those taking two children:  
Mrs. H. L. Griswold ..... \$10.00  
J. A. Bollrath ..... 10.00  
Those taking one child:  
Miss Emma W. Swain ..... 5.00  
Miss Sarah J. Swain ..... 5.00  
Paul Moriarty ..... 5.00  
Walter Bellatti ..... 5.00  
James I. Graham ..... 5.00  
Henry Rodgers ..... 5.00  
Misses Emma and Hattie Doying ..... 5.00

# The Roadster, Too, Has All the Noted Essex Qualities

*Speed—Power—Endurance—Economy—Utility.*  
*It is an Ideal Car for Business as well as Pleasure*

The wide business uses for which the Essex Roadster is adapted are instantly apparent.

Its utilities are many. But note no evidence of them is revealed when the Roadster is used as a pleasure car. Every line is smart, trim and graceful. It takes but a moment to make the change.

### A World Endurance Record

### Proves Essex Dependability

A large class of its buyers are business men. They choose it for utility and dependable transportation. It becomes, in fact, a part of their business system. It must be on the job, keep all engagements on time, and be as responsible as an engineer's watch.

These same qualities, with its rare good looks, make the Roadster unsurpassed as a smart car for pleasure.

Economy, durability and train-like regularity are

the standards set by Essex. These things have been shown in the hands of more than 25,000 owners.

It was more dramatically proved on the Cincinnati speedway, when an Essex stock chassis set the world's long distance endurance record of 3,037 miles in 50 hours. The same car, at three separate tests, traveled 5,870 miles at an average speed above a mile a minute. Another stock Essex set the world's 24-hour road mark of 1,061 miles over snow-covered Iowa roads.

It is specially suited for salesmen, inspectors, and others who must cover wide territory, quickly and frequently. Though not large, the Essex is commodious. There is plenty of room for passengers, and special arrangements for carrying sample cases, unseen, and even a trunk if desired.

Come see the Essex Roadster. Ride in it. Try its paces. Whether you want it for business or pleasure, you will appreciate why Essex in its first year set a new world's sales record.

## Did You Ever Realize What Illinois College is Worth To Jacksonville and Morgan County in Mere Dollars and Cents.

## Here Are a Few Hard Cash Facts

More than \$167,600.00 are given to this community annually by the college.

You ask how? In what way?

Read on—

By salaries to instructors and employees, . . . . .	\$35,000
By coal, light, repairs, supplies, furnishings, etc. . . . .	41,800
By Boys' Co-operative Boarding Club . . . . .	12,000
By crowds to come to football games, track meets, interscholastic meets, etc. . . . .	10,000
By out of town students . . . . .	25,000
By families who move to Jacksonville because of the college, say four families for four collegiate years, or 16 families for any one year, at \$1800 a year . . . . .	28,800
By transient visitors for commencements, concerts, debates, etc. . . . .	5,000

By local students who would have gone elsewhere to college if "Old Illinois" were not here . . . . .

10,000

Total (How Much) . . . . .

\$167,600

Think of it! \$167,600—not once in a while—but every year—is the contribution of Illinois College to this community—in cash.

What are the citizens of this community going to do for Illinois College?

Springfield was willing to offer the Wesleyan College of Bloomington \$650,000. to come to Springfield.

The citizens of Jacksonville and Morgan county will surely give \$100,000.00 to help OUR OWN COLLEGE grow and prosper here.

### It's Cheaper to Prevent Accidents

One accident may cost you more than ten Kobzy Signals. Some only mean a bent fender but others result more seriously. In any case there is delay and annoyance. Protect yourself. The Kobzy Signal is so easy to operate it soon becomes an instinctive part of driving. There are no push buttons to confuse you. The lever on the control box moves the way you want to go—to the right when you turn to the right—to the left when you turn to the left—down for stop. As the lever must always pass through "neutral" before putting up another signal, the last one, if up, is automatically dropped. It is impossible to show two signals at one time. Kobzy Signals are operating day and night on cars of every make, winter and summer. With ordinary care they will outlast the life of the car.

### VIRGINIA GIRL WEDS IN WESTERN CITY

Miss Mabel Wilson Becomes Bride of Ashley Haire in Denver, Colo.—Bristow Family to Re-side in Virginia—Other News.

Virginia, April 3.—The marriage of Miss Mabel Wilson, daughter of D. D. Wilson of this city to Ashley Haire of Salt Lake City. The wedding occurred at the Central Christian church in Denver, Colo., Monday, March 29. Miss Wilson was reared in this city, removing to Denver a few years ago and was quite popular in social and church life, owing to her musical ability and her many womanly graces. The young people will take up their residence in Salt Lake City where the groom is interested in newspaper work.

Virginia friends extend their best wishes for their future welfare.

Mr. and Mrs. Frank Bristow and family will again take up their residence in Virginia, having purchased the W. C. Bowman residence on Chester Hill. Mr. Bowman has purchased the residence property belonging to Mrs. Richard McDonald on North Cass street.

Mr. and Mrs. F. C. Wilson arrived home a few days ago after spending the winter in Los Angeles, Calif.

The Church of Christ ladies bountifully replenished the church kitchen at a "rush" held at the parish on Wednesday.

Funeral services over the remains of the infant son of Mr. and Mrs. Dale Newberry were held at the residence Thursday, conducted by Rev. Max B. Wales with interment in Walnut Ridge cemetery.

Mrs. Lucile Hixson, of Kansas City, only weighed 79 pounds when she began taking Tanlac. She has already gained 36 pounds and says this wonderful medicine has been the greatest blessing of her life.

"I weighed only seventy-nine pounds when I began taking Tanlac, but now I weigh one hundred and fifteen and am feeling better than I have in seven years," was the unusual statement made by Mrs. Lucile Hixson, living at 2032 Broadway, Kansas City, Mo., a few days ago.

"Before I began taking Tanlac," continued Mrs. Hixson, "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I ate nearly always disagreed with me and made gas form so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting, dizzy spells and I was never able to walk any distance before I felt exhausted."

"My uncle recommended Tanlac to me and now since it has entirely overcome my troubles I will never get through praising it. I am not troubled with indigestion or gas at all and I am eating anything and everything I want and digesting it perfectly. Headaches and dizzy spells have all left me and my constipated condition has been relieved. My nerves are in fine condition and the pain across the small of my back has disappeared altogether. I have gained thirty-six pounds in weight, can do my housework by myself and I am stronger than I have been in years. Tanlac has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading druggists in every town.—Adv.

Attention is again called to the illustrated lecture by Professor Cowles in the new museum room in the Whipple building on Tuesday evening, April 6 at 8 o'clock. The subject of the lecture will be "Our National Parks as a Reservoir for Scientific Research." Admission is free and the public is cordially invited.

The Chicago Alumni of Illinois College held another supper on the evening of April 1 in order to promote the campaign for the college endowment. Dr. Thomas W. Smith attended the supper and reports a constantly increasing interest in the campaign among the Chicago alumni. They have set a quota of \$25,000 for themselves. This amount is not to include the subscriptions from friends but only those from alumni and former students.

The annual joint debate between Sigma Pi and Phi Alpha will be held in the Jones building on the evening of Thursday, April 8. The subject of the debate is: Resolved, That the Principle of Compulsory Arbitration should be applied to Labor Disputes in Public Service Corporation.

The Pils will uphold the negative and the Sigs the affirmative. This debate will not only determine the society supremacy in debating, but will be a preliminary contest for the intercollegiate debates with Augustana and Carthage.

The Freshmen also expect to have a debate this year with the Freshmen of Knox college.

Dr. Henry W. Kirby, '97 of Chicago has promised to come down to lead the singing at the Alumni Banquet at the Christian church Friday evening. Henry is a fine song leader and his presence will add much to the enthusiasm and pep. All alumni and former students of the College, Whipple Academy, the Jacksonville Female Academy, the Athenaeum and Conservatory are cordially invited. The same invitation is extended to friends of the College. All who expect to attend the supper should notify the secretary Carl E. Robinson on or before April 8.

Rev. W. E. Collins of the Congregational church delivered a forceful address at the chapel exercises Tuesday morning.

Many students went home for the brief Easter recess which extends from Friday morning to Monday noon.

The Union service in the interest of the College Endowment Campaign will be held Sunday morning, April 11 at the Grace Methodist church. As previously announced, Dr. Louis F. Holden, President of Millikin University will be the speaker. The churches which will unite for this service are Grace, State Street, Westminster, Northminster and the Congregational church.

Arthur Gustafson, '16, who holds a good position as teacher of Science in the High School at Youngstown, Ohio, was a visitor on the campus during the past week. Students of the Expression Department, under the direction of Mrs. P. C. Thompson will give a recital at Academy Hall, Thursday evening, April 22. The program will consist of monologues and a commedia in one act. The public is invited.

### PARIS CLEANERS WILL OPEN LOCAL SEASON

Will Play Indies Here April 18—Several Fast Local Men Have Signed Up For Season.

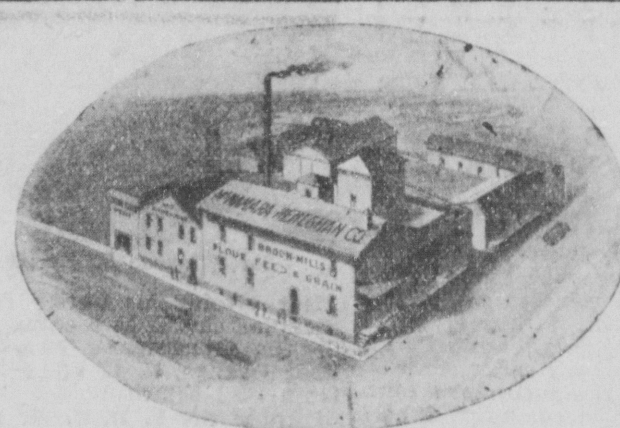

Manager Frank Smith has announced the Paris Cleaners team of Springfield as the Indies opponents in the opening game of the season. The date set is Sunday, April 18, two weeks from today.

The Paris Cleaners will have this year, Dove, Elliott, Fernandez and Watling and other men of the Centennial team of last year. In fact the Paris Cleaning company has taken over the Centennial players.

The Centennials were organized in Springfield to play games during the celebration of Centennial year. It comprised the pick of the best players in Springfield. These men will be under the management of the Paris Cleaners this year and the company will thus have one of the best teams in the Capital city.

Smith is signing up men for the coming season. Many of the old men have signed. Capt. Denny, star infielder has signed a contract and will be seen in the local lineup this year. He will add strength to the infield as well as in the batting and base running.

DR. T. H. SMITH AIDS IN I. C. CAMPAIGN

Former Jacksonville Citizen Working for Alma Mater in Raising Needed Fund.

Dr. Thomas H. Smith, who is assistant director of the Illinois college campaign, is really a Jacksonville man. All the earlier years of Dr. Smith's life were spent in this city and he graduated from Illinois college in the famous class of 1887. For a time afterward he was an instructor in the college and then determined to take up the study of law in Minneapolis. However, it was not long afterward that he felt the call to the ministry and enrolled at Union Theological seminary in New York.

After finishing his course there Dr. Smith became pastor of the St. Nicholas Avenue Presbyterian church and it was during his successful pastorate there that a new church building was erected.

Dr. Thomas H. Smith

After closing his work at St. Nicholas church he became pastor of the Presbyterian church at East Orange, N. J., and resigned from that church during the war to enter the Y. M. C. A. service overseas.

Some months after the signing of the armistice Dr. Smith returned to the U. S. and has been associated with the New Era movement of the Presbyterian church. He is really on leave of absence from the New Era organization, having listened to the call of the trustees of Illinois college to assist in the campaign work thru a number of months.

Dr. Smith in his work is calling upon alumni in various localities and states. For years he served as trustee of the college and thru all the mature years of his life has been greatly interested in the institution. His sincere love for the college, his enthusiasm about its greater possibilities and his knowledge of men have all had influence in especially qualifying him for the work in which he is now engaged.

Dr. Smith will be in Jacksonville practically all of the time until the close of the special campaign here and during to subsequent months of his connection with the movement will be a visitor here at intervals.

Successful in his chosen work, a man of great earnestness of purpose, a minister with a deep spiritual understanding, Dr. Smith himself is a fine example of the influence that Illinois college has had upon the lives of men.

WOMEN HEARD ABOUT LOWDEN'S FINE RECORD

Mass Meeting Held Saturday Afternoon — Illinois Executive Plain and Democratic in Spirit — Real Friend of Educational System.

At the court house Saturday afternoon a mass meeting in the interest of Gov. Lowden's presidential nomination campaign was held. This meeting was designed particularly for women and was under the auspices of the Woman's Morgan County Lowden league. Mrs. W. L. Alexander, president and introduced the speaker, Mrs. J. H. Danskin, county vice chairman of the league, and Senator W. A. Spence of Metropolis. Mrs. J. J. Reeve who is district chairman for the state Woman's Republican organization, also had part in the program.

Mrs. Danskin made a very interesting address, based particularly upon her experiences in the Lowden campaign in South Dakota. She laid special emphasis on the democratic spirit of Gov. Lowden and the members of his family. In Dakota the charge was made that the governor was not really a farmer, while the fact is that the only home the Lowdens have is on their farm at Oregon, Ill. There the farming and livestock operations usual on an extensive farm are carried on.

No Pullman Holdings.

Referring to the charge often made that Gov. Lowden is largely interested in the Pullman Co., the speaker said that he had owned no stock in this corporation for more than 20 years and further that all of the stock held by Mrs. Lowden or any of her relatives amounts to less than 4 percent of the total stock of the corporation.

The speaker referred to the business administration Governor Lowden has given Illinois, his evident desire to do those things that are right even to the action may jeopardize his political future. It was so, she said, with the search and seizure laws. Any amount of money would have been paid by certain interests to prevent that measure from going on the statute books but after the governor had the opinion of the attorney general that the law was constitutional he promptly gave it his approval.

In the South Dakota campaign representatives of some of the candidates indulged in methods that were not fair—methods of a questionable kind, but Gov. Lowden would permit no reprisals and insisted that nothing should be done against his opponents.

The governor stated privately that in all his life he had counted self-respect as his greatest possession and he did not want to surrender that even in the hope of gaining some political preferment.

Senator Spence stated in beginning his address that four years ago he had not been a supporter of Gov. Lowden as a candidate for the governorship, but said that his observation of what the governor had done during his administration had made him a firm Lowden man. Senator Spence was for a number of years a school teacher and then served sixteen years as county superintendent of schools, and spoke particularly of the fairness of Gov. Lowden's attitude toward teachers. The idea has gained ground in some localities that the governor has opposed some of the things that teachers want, and that he has not been in favor of progressive school legislation.

**Lowden Has Aided Teachers.**  
Senator Spence said that exactly the opposite is true and that Gov. Lowden thruout his administration has favored various educational legislation, measures that have improved the condition and salaries of teachers. It is true that the governor sought an investigation with reference to the teachers' pension fund but this was not because he wished to abolish the fund. Instead, he sought to make sure that the fund is organized on a basis which will make it certainly beneficial to the teachers as they retire from their life work.

The speaker quoted F. G. Blair, state superintendent of public instruction, with reference to Gov. Lowden's record in connection with education. It has been Supt. Blair's written declaration that more has been done for the benefit of education and of teachers during the Lowden administration than has been accomplished for years previously.

Those in the audience were evidently interested in the statements made about the Illinois governor. The fact is that most Morgan county Republican women who pay any attention to public affairs are thoroughly convinced that the governor is a man of the right type.

Mrs. Danskin announced the members of Jacksonville precinct Lowden organization and referred to a number of meetings to be held thruout the county this week. The names of the committee in this precinct are as published in the Journal Saturday, with the addition of Mrs. E. G. LaBoiteaux in No. 18. Her name was omitted thru error in the list, previously given.

Waverly, Ill., April 3.—The body of Mrs. Louise Walton who

died at 12:15 p. m. Wednesday in Springfield was brought to Waverly Friday afternoon and interment made in East cemetery. Her husband, J. W. Walton, died Tuesday of last week and the body was brought to Waverly for burial. Mrs. Walton was aged 60 years and a sister of Mrs. S. L. Richardson of this place.

The Amateur Musical club will give a program at the Baptist church Tuesday at 3:30 p. m. It will consist of several numbers by the grade school pupils. Following the program:

Solo, Bylo, Dolly Dear—Wilma Smith.  
Song, Passing Willow; a Story—This grade.  
An Easter cantata, entitled "The Glory of the Cross," will be given at the Christian church Sunday evening by the children of the Sunday school and the choir.  
Mrs. Elsie Bove of Casper, Wyo., is visiting at the home of her father, James Wright.  
W. L. Ashbaugh of Benton,

Miss Hazel of St. Louis and Miss Madelyn of Jacksonville came Saturday to spend Easter with Mrs. Ashbaugh.

Mrs. C. L. Berry and children of Springfield are visiting her parents, Mr. and Mrs. Henry Turner.

Mr. and Mrs. Walter Martin returned from Denver, Ill., where they attended the funeral of Mrs. Martin's father, G. B. Read.

Miss Bess Bradford of Rockford arrived for a visit of several weeks with her mother, Mrs. Nellie Bradford.

Lester Bateman of Eureka came home to spend Easter with friends.

Mr. and Mrs. W. H. Rohrer left for St. Louis, Mr. Rohrer going from there on a business trip to Cheyenne, Wyo., and Mrs. Rohrer going to Pine Bluff, Ark., to visit her sister, Mrs. H. A. Stowell.

Mrs. John Walsh of Lafayette, Ind., is visiting her mother, Mrs. Martha Adwell, who is very ill.

## FAREWELL PARTY FOR BLUFFS MINISTER

Rev. P. A. Sorenson and Family Agreeably Surprised by Friends—Easter Services at M. P. Church—Other News.

Bluffs, April 3.—Rev. P. A. Sorenson and family were pleasantly and agreeably surprised at their home Wednesday night when friends to the number of 27 from Oxxville and vicinity gathered at their home with well filled baskets of lunch to spend the evening in a social way and to bid them farewell as the family are leaving soon for their new home at Joliet. It was an evening long to be remembered by those present. While pastor of the Evangelical Lutheran church at Oxxville the family made many friends who regret to lose them.

Benjamin Torrence is critically ill at his home in the south part suffering from erysipelas.

G. C. and H. G. Rockwood of Springfield spent Friday night with their parents in town.

Easter services will be held at the M. P. church Sunday morning. A pleasing program will be rendered by the children of the Sunday school. Special Easter services will also be held in the evening at which time the choir will furnish special music.

Miss Edna Thomas of Keokuk is the guest of friends here this week.

Mrs. Clark Stevenson of Orleans made a trip to town yesterday.

## Farm Bureau Notes

Pruning and Spraying Demonstrations—Owing to the large number of requests for Mr. Bierbaum of the college of agriculture he did not get here Wednesday to assist in the demonstration at Fred Jewsbury's, south of Markham, and Henry Osborne's at Murrayville. However, the county agent met the people at the places mentioned and gave a few pointers on the subjects mentioned. However, he very frankly confessed that what he does not know about the subject will make a far bigger book than what he does know, and met the people at the places mentioned because the specialist failed to appear. Thursday the demonstrations were given as advertised at Fred Hagen's near Arnold and at A. D. Gibson's near Providence church.

Fred Jewsbury had a new wheelbarrow sprayer purchased for the spring work and is fortunate enough to have a home force of healthy boys large enough to handle the outfit. At Henry Osborne's a barrel pump was used. Mr. Osborne had gone over the orchard quite thoroughly with a small bucket spray, but had obligingly left a large tree that was badly infected with scale for the bunch to practice on. The wind was so strong that it was impossible to give the tree the best treatment. At another time the other side will need a dose to complete the job.

C. A. Fiedler of the Cannon Produce company was using a large power sprayer at Fred Hagen's. The outfit fed two leads of hose. Dry lime sulphur was used instead of the liquid form. A. D. Gibson and the Leake Bros. have bought a barrel pump and are going to get some good fruit from now on.

This is not a fruit country from a commercial standpoint, yet we ought to do more in the way of home fruit gardens. We can do this if we will select varieties and sites carefully, prune, spray and cultivate properly. Why not a one acre fruit garden on every farm? Would it not add to the attractiveness of the country to have just one acre devoted to apples, peaches, pears and small fruit?

In pruning bearing trees remove dead limbs, cross limbs and water sprouts. Cut close to the trunk. Cover wounds over one inch with good paint.

Six sprays have been recommended from this office. Four of these are never essential, namely: the dormant, the cluster bud, the salix spray, and the spray three weeks after the calyx spray. Dry lime sulphur is just as good as the liquid. Arsenate of lead is used against chemoing insects.

We appreciate the courtesy and interest of A. L. French of Chapin and Mr. Henderson of Litterberry who invited us to give demonstrations in their communities after our schedule was announced. We had to hurry in arranging these men in the future. We thank all of those who co-operate with us in arranging for these demonstrations and expect to continue to do something along the lines indicated.

## REMARKABLE RECOVERY

Due to Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it. It cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANZ, 743 N. 25th Street, Philadelphia, Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved many suffering women.

## Daily Market Report

### CORN REACHES HIGHEST PRICE OF YEAR

(By the Associated Press)

CHICAGO, April 3.—Corn hit today to the topmost prices since last July. The switchmen's strike here made shorts increasingly anxious, and final quotations were buoyant, 2 1/2% to 4% net higher, with May \$1.63 1/2 to \$1.65 1/2 and July \$1.57 1/2 to \$1.59 1/2. Oats gained 3/4c to 1 1/4c and provisions 15c to 45c. Possibilities that the railroad labor troubles in Chicago might assume much larger proportions were confidently responsible for the growing strain today in the corn market. It was admitted on all sides that with transportation further handicapped the accumulation of any adequate stock of corn here to fill current contracts would be virtually impossible. Lifting of war time restrictions on flour business counted also as a bullish factor.

Desires offerings were scarcer than had been the rule of late and they quickly found their way into strong hands. Predictions were also current that shipping wheat acreage this year would be reduced instead of augmented. Under such circumstances it was no surprise to witness prices at the last jump with something of a flurry.

## Battery Refinements That Count

No Battery will last forever. Some batteries last longer than others. If you have used a battery steadily for a period of years the chances are that you have had battery trouble. Whatever that trouble may be, you will find the Philadelphia Diamond Grid Battery is designed to prevent it.

Ever have plate trouble? Have your plates ever buckled, or short-circuited, or shed their active material? The Diamond Grid or frame-work on which a Philadelphia plate is made braces it against stress in every direction and locks the active material in place. The Diamond Grid ends plate troubles.

Ever have to get your separators renewed? Failure of separators is perhaps the most frequent of battery troubles. The Philadelphia quarter-sawed hard wood separators provide perfect internal insulation combined with perfect circulation of acid and current. They last as long as the battery. The guarantee assures you of that.

Ever rub the skin off your fingers trying to get a filler cap off? Philadelphia bayonet catch filler caps are removable with a quarter turn. Your fingers do the trick easily and quickly—no need to use pliers. And these filler caps are so designed that it is practically impossible for acid to splash out of them.

Ever fill your battery too full? There's a collar in the Philadelphia covers that shows you just where to stop and pre-

vents the acid from splashing up into the filler cap. The covers are moulded in one piece with a big hollow space beneath to let the gas expand.

Ever have the wooden case of your battery disintegrate? Philadelphia cases are strongly built with lock corners, dowelled, and coated thickly with an acid-resisting preparation.

Ever have the acid creep out of the battery and corrode your terminals and wires? Acid tends to creep along the lead pillar posts and good sealing is necessary to prevent this. Philadelphia pillar posts are petticoated. That is to say, there are a number of rings around them which lock fast to the sealing compound and prevent the acid from creeping, in somewhat the same fashion that petticoated electrical insulators prevent grounding of high tension lines.

Little things for most part—but in the aggregate they keep the battery out of the repair shop.

The Philadelphia Diamond Grid Battery is guaranteed for two years, and it is rare indeed that we are called upon to make good our guarantee.

## COLLEGE OF MUSIC

Under the direction of Mr. Pearson the Chorus of Grace church presented a most delightful Easter cantata. "The Crucifixion" last Sunday night. Both chorus and solo work showed unusually good training and was greatly enjoyed by the large audience present.

Miss Gladys Sargent sang a solo at the morning services of Centenary church last Sunday.

The Madrigal club and College orchestra are working hard for the annual concert which is to be given the latter part of May. Some new equipment has been ordered for the orchestra, which will be quite an addition to the effective work of the organization.

The recital by advanced pupils of the college was held Monday night with most gratifying results.

The work of all those taking part showed most careful preparation. A most appreciative audience enjoyed this program.

Considerable interest is being manifested in the recital which Miss Louise Miller will give April 12. Miss Miller's program will be published in a short time and is something that all music lovers will be especially anxious to hear. Miss Miller has always been a favorite in Jacksonville, so that there is no question about Music hall being crowded on the night of April 12.

The following article in regard to Frances Ingram, who appears as the last number of the Artists Course on Friday, April 23, is of special interest, showing the esteem in which she is held by the foremost music critics.

A number of friends were enjoying a reunion reception and studio tea which Victor Maurel had given in honor of his many professional pupils. It was in the nature of a home coming again and each one recalled their former trials here. The spacious studio echoed with their ambitions of student days. Now they were here to worship at their shrine of learning and exchange confidences with him whose paths had led them to success. The simple, yet exquisite ornaments of musical art which adorned atmosphere of peace and patience. Here in this room one found a respite and rest from cares and no one could feel there was any evil thought in all the world.

Some sang, some talked, quietly, others played and every one stood in silent stillness when Frances Ingram was asked a toast on music. They knew she would respond for the songs she sang showed that her emotions on the occasion quite overcame her usual tranquil mood. With stately presence and in a clear and even voice she said, "From the beginning to the end, from the cradle to grave, music is life's greatest comfort. The lullabies of a mother's love gives every faint and beating heart repose. It lightens every sorrow and heightens every joy. In every home and every clime it weaves the chord of love into a web of peace. It soothes the sorrows of every woman with hope and guides the grief of men with strength. Music of the martial band spurs soldiers on to victory and hearts of peace are linked with its harp of magic strains."

It makes saints of common clay. The music of the singing bird at dawn inspires liberty and love and a Nightingale's song clears all thoughts of past regrets and future fears. "Music is the morning and evening star of life. It is a requisite of all time and eternity, and the universal dream of immortality is that increasing music shall fill the world forever."

Silence from her fellow artists, but a silence, tense with a spiritual backing. The greatest applause from her beloved co-artists yet silence—so deeply had her speech taken them to heart. Frances Ingram, pronounced by many foremost critics, the greatest contralto of her generation, will devote almost this entire season with the Metropolitan Grand Opera company.

PREDICT LITTLE ADVANCE

IN PRICE OF COAL

Chicago, April 2.—The price of soft coal in Chicago probably will advance a little if any over the present level at the mines, which will be effected this week, according to Fred Upham, president of the Consumers' Company, a retail concern.

A majority of Chicago coal dealers he said today would add nothing at present to the mine price, which was made to cover the 27 per cent increase in wages granted at the New York coal conference.

## DECLARES AMERICA IN AN

## ERA OF FALSE PROSPERITY

Chicago, April 2.—America has entered an era of false prosperity Frank A. Vanderlip, formerly president of the National City Bank of New York declared today in an address. Mr. Vanderlip is enroute to Japan where in connection with a committee of bankers he will investigate conditions governing trade relations between the United States and the Orient. "There are three things upon which real prosperity must be based," he said. "These are ample capital, efficient labor and an application of sound economic principles. We are prosperous today in the face of all three fundamentals and our prosperity is false as well as dangerous."

## Car Owners Attention!

Here is a proposition that you never had offered to you before, and perhaps you will never have it offered to you again on standard and well known makes of Automobile Tires, representing four of the larger manufacturers in the Auto Tire Business.

## Inner Tubes Free

The Proposition Is Just This:

With every tire purchased at this special sale I will give you absolutely FREE an inner tube of the SAME MAKE as the tire you select. This represents a saving to you from \$3.25 to \$9.75 a casing, according to the size and make.

I will give you your choice of the following makes of Cord or Fabric Casings:

Kelly-Springfield  
Goodyear

Firestone  
Federal

This offer will hold good only a short time and is subject to be withdrawn at any time.

The Tires and Tubes offered in this sale are all fresh and new stock; I have no old stock to offer; practically all have been received since the first of the year.

The prices quoted in this sale will be cheaper than these same makes of tires sold for in 1918 or 1919.

Remember, there will be no service rendered on tires sold in this sale. Just simply come in, pick out the size and make of tire you want, pay the price of the casing only, and get your

## Tractor Is Universal

### 6 Indispensable Results 6

No duplication by horses

A large saving in labor

Great ease of operation

Can back and turn short

Better and faster work

Power used as horses are used

Because Does all field work, including cultivating, harvesting and belt work. One man completely operates both tractor and all implements.

Because A single seat in the center of all controls of tractor and implement.

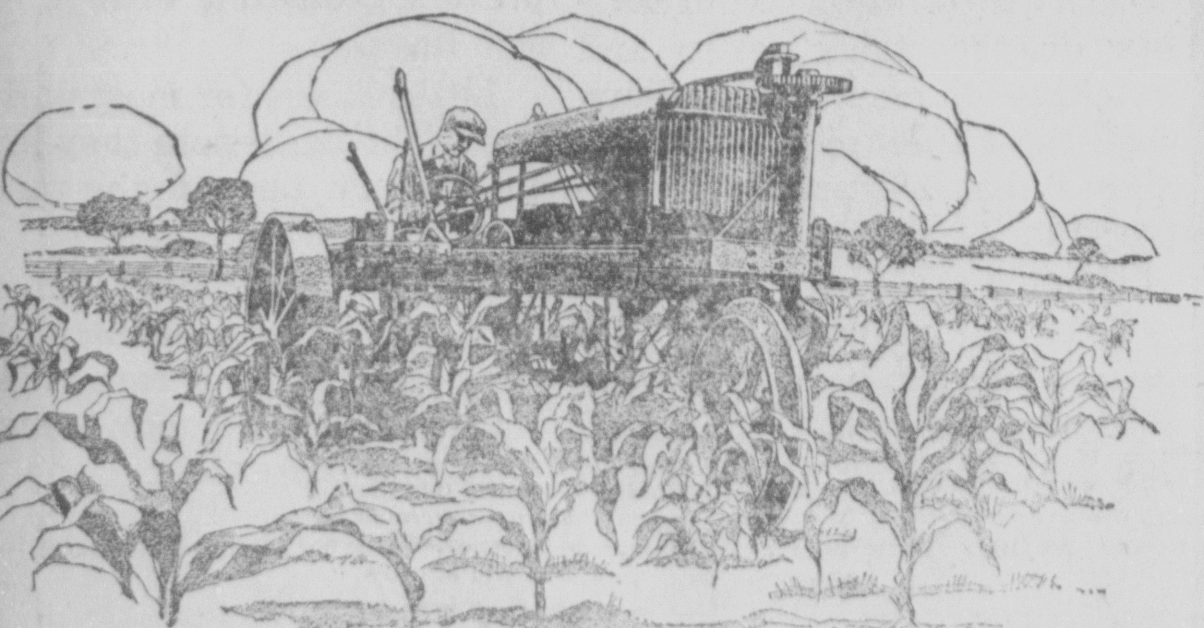

Because A single unit of operation—tractor and implements form but one unit. Operator sees all his work—"Fore-sight is better than hind sight."

Because Tractive power in front of the work with operator behind the work.

## Utility Is Not Sacrificed for Price

The principle of doing all field operations with one man sitting where he can watch his work is correct, or farming has always been done backward, and the operator would always have ridden or led his horses instead of driving them.

The Moline Universal Tractor places the power of nine big horses where the horses stood—is driven just like the horses are driven, from the seat of the implement, and hitched up to the implements just as horses are hitched.

If desired you can use the "drag behind" or horse drawn implements you now have with the Moline Universal Tractor, the same as with other types of tractors. Don't delay. Buy now.

**Why there's a "snap"  
to the action of a  
CHALMERS**

PERHAPS you've noticed the sluggishness, the "heaviness" of the action in so many cars of today.

Ride in this new Chalmers and you will observe the difference.

There is an underlying reason for the "snap" in a Chalmers. It's due to the manner in which it gets results out of "gas."

As you know, "gas" has deteriorated, gone down and down in grade.

Feeding the "gas" you get today into the average engine is giving it a "food" that it can't digest. Engines have got to be redesigned.

Chalmers engineers were first to act. They found the answer in Hot Spot and Ram's horn. The raw, heavy "gas" (which has just as much power in it as the so-called better grade of "gas" that once was purchasable) strikes Hot Spot,

is heated, "broken up" into very fine particles, and forms a "cloud."

Then Ram's horn, which is one of the greatest improvements ever made in engines, hurries the "cloud" before it can condense, to the cylinders.

The results are astonishing. You get an action from "gas" you believed no longer possible.

A year later you will find that those troubles which afflict so many cars today on account of the low grade "gas" situation are not to be found in the Chalmers—troubles like burned bearings, frequently fouled spark plugs, scored cylinders, repair bills that come from excessive and endless vibration. You, too, will join that growing circle which declares that Chalmers is one of the few great cars of the world.

**See Us Demonstrate  
This Great Exclusive Feature**

SELLERS leadership is not a matter of chance. It has been won only because of the superior service rendered by the Sellers.

Our Automatic Lowering Flour Bin, for example, costs us \$52,000 extra each year—that is, \$52,000 more than the best of other types of bins would cost us. But see the service it gives.

Instead of having to clamber up on a chair, straining and puffing, with a heavy sack of flour to fill the bin, you merely pull the Sellers Automatic Flour Bin down level with the work table. You fill it with absolute ease. Then a quick movement unlocks it and it slips quietly up into place. This single, long-wanted improvement is welcomed by women everywhere as a godsend. Any physician will approve it.

**SELLERS KITCHEN  
CABINETS***"The Best Servant in Your House"*

But the Automatic Lowering Flour Bin is only one of the exclusive developments which have helped win leadership for the Sellers. Altogether there are 15 important betterments combined in no other cabinet.

To supply them costs us over \$100,000

extra each year, but they have won preference for the Sellers in thousands of homes. Yet this cabinet of super-convenience costs you little, if any more than an ordinary Kitchen Cabinet.

But come in and see the Sellers. Judge it yourself. Come soon.

## MAVERICKS

April 1st didn't fool us much.

The coal miners will get a raise.

The plumbers are demanding a raise. Several other trades are also contemplating asking for a raise.

And the ultimate consumer gets it in the neck.

The editor of the Manufacturers' News must have an awful disposition.

The Initiative and Referendum may be a good thing but about all it seems to us that it is good for is to give a few more heads a chance to stir up constant trouble and cause expense in holding special elections.

We hope that Doug and Mary get along better in married life than they have in the past.

Maybe Doug won't like for Mary to be America's Sweetheart.

Evidently those Mississippi legislators think the Civil War is still in progress.

Judging from the testimony of naval officers Secretary of the Navy Daniels is a dandy newspaperman.

Hogs will not be permitted inside the city limits of Springfield after May 1. This, however, only refers to the fony legged variety.

An investigator of the prices now being charged for clothing and other necessities compares present day profiteering with train robbing. The only difference we can see is that it is not so dangerous.

It has been several days since an American aviator has been captured in Mexico. Can it be possible our stock is running low?

A Cincinnati drug firm purchased 5,000 barrels of whiskey for medicinal purposes. There must be a lot of sick people in Ohio.

But what gets us is that the total cost was \$4 per gallon. Here we pay \$24 per quart when we can get it.

President Wilson says that the troops in Germany are subject only to the orders of the president of the United States. Evidently the president wants the world to know there is one thing he still controls even if he can't get a strangle hold on the senate.

It looks more like Christmas than Easter.

But don't let the weather keep you away from church.

G. W. D.

## IN MEMORIAM.

God again has come into our midst and removed a loved one from the earthly home to the Heavenly Home.

Judy A. Gaines was born August 28, 1840 near Petersburg, Menard Co., Ill., and died at her home in Girard, March 3, 1920.

When about five years of age she moved with her parents to a farm near Litchberry in Morgan County, Ill. Here she grew to womanhood and was married March 10, 1870 to Alfred Coe of Waverly, Ill.

They lived in this place until 1895 when she with her family, moved to the farm 5 miles west of Girard. In 1910 she and her husband moved to Girard to live and into the home where death came to her.

She leaves to mourn her loss, her husband and four children: Mrs. C. T. Williamson, E. A. Coe, Mrs. R. O. Hayes, of this vicinity, and Leonard Coe of Spokane, Washington. Also ten grandchildren and a host of friends.

She was converted in early life and united with the M. E. church. She has lived an earnest Christian life and has borne with patience what came to her of life's burdens. During her long sickness of suffering she was trustful and submissive. She knew all was well with her and said she was soon to be home.

She was a good wife, a devoted mother and trained her children to live with her and after her for the world as Christian citizens.

One of her favorite hymns, one which gave her spirited strength was:

Who, Who Is He? That over-

cometh.

He that believeth and is born

of God,

Shall overcome by the blood of

lamb.

What is victory? That over-

cometh

Faith is the victory that over-

cometh

Shall overcome by the blood of

the lamb.

Now we leave her. We do not say farewell, but good-bye until we meet her again with the redeemed. And we hope that her spirit is near telling us to be of good cheer.

Funeral services were conducted by the Rev. R. J. Watts and was held at the M. E. church, Thursday at 2:30 p. m. Burial was made in the Girard cemetery.

Silently, peacefully, angels have borne her.

Into the beautiful mansions above.

There shall be rest from earth's sorrows forever.

Safe in the arms of His infinite love.

Out of the shadow land into the sunshine.

Cloudless eternal that fades not away.

Softly and tenderly Jesus hath called her home.

Where the ransomed are gathered today.

## Busy Women

Clean Electrically

The woman who has many interests—welfare work, club, social, political, religious, athletic, educational—finds the electric cleaner indispensable.

Her home is not slighted but is kept in better condition with less effort, in less time. Such a woman buys an electric cleaner as an investment—as a business man buys a typewriter or installs a telephone, for sound, practical reasons.

People who know will appreciate the many good points of the Western Electric Cleaner. Demonstrations if you wish.

## Permalife

BATTERIES

All materials that go into Permalife Batteries—acids, and rubber, metal or wood parts—are subjected to a rigid analytical test before being used.

This insures you against a short-lived battery, one in which the materials are not up to specifications. And it's one of the things that enables us guarantee Permalife for 20 months—the longest real battery guarantee in America.

## The Whole Secret of A Better Tire

## Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

INCREASING PRODUCTION MAKES  
NECESSARY NASH FACTORY  
EXPANSION

Increasing demand for products of The Nash Motors Company is reflected in substantial additions to the great plant at Kenosha during the past year. It is in this factory that Nash six cylinder cars and Nash trucks are built, the new plant in Milwaukee, now under construction being planned for the exclusive production of the Nash Four.

An important addition to the factory is found in a building 120x120 which was added to the large foundry. There also has been constructed a foundry warehouse and pattern storage 80 by 100 feet. Other new buildings include a new roller bearing tool room and pattern shop, 100 by 600 feet and an addition to the sheet metal shop measuring 32x236 feet.

Under construction now are a new baller room 50x50 feet and an addition to the heat-treating department measuring 40x140 feet.

The construction of all these buildings is thoroughly modern and was carried out without interruption to work in the busy Nash shops.

There are in operation in the Nash factory over 1,500 productive machines and over 300 factory maintenance machines; the plant embraces 1,011,332 square feet of floor space and in the power plant which keeps the machinery in operation, 120 tons of coal are used every 24 hours.

Five thousand men are on the payroll of The Nash Motors Company.

## SOME OLD TIME PAPERS

Scott Green has in his possession a number of very interesting papers and documents, among them a program of a play given in Odeon hall in 1868. That was a time when there was no theatrical structure in the city and a number of persons formed the Odeon hall directory. It was in the third story of the building occupied by E. W. Bassett and Mrs. Black's Book Shoppe. Major George M. McConnell was manager of the dramatic club which was the mainspring of the enterprise. Dr. G. V. Black was president and the writer was secretary. Two short plays were put on, "To Oblige Benson," "A Decided Case."

Miss Bell Osgood, teacher at the State School for the Deaf, was in the east. Prof. H. C. Hammond, afterward her husband, played with the club later. Miss Ida Sawyer, afterward Mrs. Ed J. King, was one of the members, while Charles Edgar, Robert Russell, Edward, Fred and Frank McDonald played then or later, as also Ed Higginson, now wholesale grocer at Wichita, Kan. A bright particular star was Dr. Charles Edgar, a talented performer. Few people in the city will remember that event though it is very fresh in the writer's mind as he had parts in the various plays. Maj. McConnell was a superb drill master as well as a finished actor and many were the pleasant hours spent with the old club. Finally Jacob Strawn, then owner of Strawn's hall, decided to put a stage in the hall and for quite a while it served very well and was

the scene of many performances. There at one time or another appeared Edwin Booth in Hamlet, Laura Keane in "The American Cousin," McKean Buchana in Hamlet, the great and in her prime incomparable Janauscheck, Nilsson in concert, John McCullough in Macbeth and various other celebrities.

The dramatic club opened the new house with "Passing Clouds," Major McConnell and Miss Osgood in the leading roles with Dr. Edgar and brother, Col. William Edgar in prominent parts.
